Khrushchev Is Horrified

MOSCOW, May 11 (UPI)—Premier Khrushchev said today that he was "horrified" to learn that President Eisenhower, instead of some irresponsible official, had approved espionage flights.

Asked whether his estimate of the Eisenhower of the Camp David talks had changed, Mr. Khrushchev answered:

"It has, of course. I was not aware of the fact that the plan of air espionage over the Soviet Union was not the caprice of an irresponsible officer. I am responsible for the acts of my Government. I was horrified to learn that the President had en-

dorsed those aggressive acts."

"I would not like to be in President Eisenhower's shoes when he comes to the Soviet Union," the Premier said. "People will have lots of questions and they will be right."

Asked whether he would raise the plane incident at the summit conference, Mr. Khrushchev replied:

"I will be the only Socialist leader there. The Americans will be there with their allies. Two of those allies, I am sure, are condemning these acts and that honorably reflects their position."

Mr. Khrushchev was asked whether a United States Embassy officer would be allowed to see the American pilot.

"The American note asking that was naive," Mr. Khrushchev said. "They knew he was under investigation and he will be held responsible under our laws. When the time comes, we will determine whether a United States representative will see him."
